

YALE SUSTAINABLE FOOD PROGRAM

Global Food Fellowship: Essay and Short Answer Questions

- 1) Describe your proposed project in detail. Define a guiding question or set of questions that will guide your work. Include a structure or timeline that anticipates the steps to completion and the number of hours for each step. [600-word max]
- 2) What academic frameworks and theories of change do you bring to exploring your guiding question(s)? Does this project connect with your academic course of study and/or career aspirations? If so, how? [200-word max]
- 3) Outline the relationships, support networks, and resources that will contribute to the success of your project. How did you form the relationships that are already in place? How will you form the relationships that are still being built? [200-word max]
- 4) What have you done, or will you do, to understand and prepare for what will be expected of you by the individuals and communities with which you will work during this project? Consider the expectations of various stakeholders within the organization or community you will be working with, and within the related academic discipline, regarding the impact and possible outcomes (positive and negative) of your proposed course of work. [200-word max]

Please complete these questions with attention to the word count and upload them as a single .pdf document. Direct any questions to jacqueline.munno@yale.edu
